

Below are the books and materials required for the current semester. It is absolutely critical to have the exact books and materials when classes begin, to ensure your success as a student. Be sure to present the appropriate ISBN when purchasing course materials. Please pay attention to any special instructions listed under required course materials, as some courses may require specific software modules.

Prices and materials are subject to change without notice. Shipping is not included. Books and materials may be purchased as a full set (all books and materials listed) or à la carte (by the book). Certain courses require the purchase of a full set of books. Please contact your program representative with any questions you may have concerning your books and materials prior to making a purchase.
